### **Keelie Harris** **WORLD TRAVELLERS EXPERT**

*We specialise in booking RSE workers from their country of origin, to their destination. We understand the stresses and pressures of arranging travel for your orchard workers such as, ATRS coming through last minute, flight problems where your workers are unable to travel, urgent flight date or name changes etc and we will respond to any urgent changes as soon as possible. We will assist you by sorting the problem, day or night, 24/7, reducing the stress levels for you."*
